2 Marketing of war in the age of neo-militarism / edited by Kostas Gouliamos and Christos Kassimeris.-- New York: Routledge, 2012. 278p. ISBN : 9780415885133. 306.27 GOU12 104354 The post-9/11 era and the overall impact of international terrorism have generated much debate regarding the role of military apparatus in modern society. This book assesses the inherent meaning of the militarization from a critical, interdisciplinary perspective. Against the background of democracy and capitalism, The Marketing of War in the Age of Neo-Militarism challenges prevailing accounts of the "military-industrial complex" as it explores significant interrelated themes denoting the accelerating process of militarization of society. ** Militarism - Social aspects; Military-industrial complex; War and society; Capitalism - Political aspects; Politics and war

Kashmir's right to secede: a critical examination of contemporary theories of secession / Matthew J. Webb .--London: Routledge, 2012. 182p. ISBN : 9780415665438. 320.1509546 WEB12 104655 The book looks at the different accounts of the moral right to secede, and assesses both the theories themselves as well as the claims of those who want to separate Kashmir from India. Included within this analysis are the three main types of normative theory that ground the right of groups to secede in principles of national self: determination, consensual governance and rectificatory justice. Previous studies have discussed the causes behind the uprising in Kashmir against Indian authority and examined some of the legal and geo-political implications of the conflict for India and the wider region.

ISBN : 978415619929. 322.1 MOG12 103411 This book is the first systematic assessment of current trends and patterns of militancy in Shii communities in the Middle East and South Asia - specifically in Iran, Iraq, but also in Lebanon, Saudi Arabia, Pakistan, Afghanistan, Kuwait, and Bahrain More than thirty years after the Islamic Revolution in Iran, there are signs of a growing assertiveness on the part of Shii actors, at times erupting into political violence. And what are the main drivers of militancy in the Shii community? ** Shiah - Political aspects; Islamic countries - Islam

Human rights and democracy in EU foreign policy: the cases of Ukraine and Egypt / Rosa Balfour.-- London: Routledge, 2012. 202p. ISBN : 978041561771. 323.09477 BAL12 103939 This book investigates the disparity between rhetoric and performance in the European Union response to abuses of human rights and transgression of democracy. With the Arab spring putting the spotlight on the EU's selfportrait as committed to promoting global human rights and democracy, this book examines the paradoxes of its international posture and the inconsistencies and double standards of its policies. ** European Union countries - Human rights advocacy; European Union countries - Human rights - Government policy; European Union countries - Democratization -Government policy; European Union countries - Foreign relations - Case studies; European Union countries -Foreign relations - Ukraine; Ukraine - Foreign relations ** European Union countries ; European Union countries -Foreign relations - Egypt; Egypt - Foreign relations -European Union countries Ledwidge, Mark Race and US foreign policy: the Africa-American foreign affairs network / Mark Ledwidge. -- London: Routledge, 2012. 246p. ISBN : 9780415482110. 323.1196073 LED12 103910 African-Americans' analysis of, and interest in, foreign affairs represents a rich and dynamic legacy, and this work provides a cutting edge insight into this neglected aspect of US foreign affairs. In addition to extending the parameters of US foreign policy literature to include race and ethnicity, the book documents case-specific analyses of the evolutionary development of the African American foreign affairs network (AAFAN). Whilst the examination of race in regard to the construction of US foreign policy is significant, this book also provides a cross disciplinary approach which utilises historical and political science methods to paint a more realistic appraisal of US foreign policy. ** United States - Foreign relations; United States -Citizen Participation; African Americans - Politics and government

7 Lundborg, Tom

Politics of the event: time, movement, becoming / Tom Lundborg.-- London: Routledge, 2012. 141p. ISBN : 9780415579346. 327.101 LUN12 104355 Despite occupying a central role and frequently being used in the study of international politics, the concept of the "event" remains in many ways unchallenged and unexplored. By combining the philosophy of Gilles Deleuze and his concept of the event with the example of 9/11 as an historical event, this book problematises the role and meaning of "events" in international politics. ** World politics - Philosophy; September 11 Terrorist Attacks, 2001; Events(Philosophy)
